Subject: RE: New Milton Neighbourhood Plan - Draft Plan

Dear Suna

I can confirm that from the initial information provided the sites highlighted in the New Milton Neighbourhood Plan can be supported by our existing water distribution network. However offsite reinforcement, network extension or protection/diversion works may need to be carried out and can only be confirmed on receipt of comprehensive onsite proposals including new road layouts, connection points from our distribution network to the proposed sites and numbers of actual units with their flow requirements/water supply demands. Any specific onsite main laying works would need to be applied for individually once the designated site has had approval.

As we are a water supply company only, Southern Water will need to be contacted on 0845 272 0845 for any wastewater enquiries.

Any queries please let me know.

Kind regards
